

CONTROL4 LUX CONFIGURABLE KEYPAD

CONTROL4 LUX CONFIGURABLE KEYPAD C4-L-KC

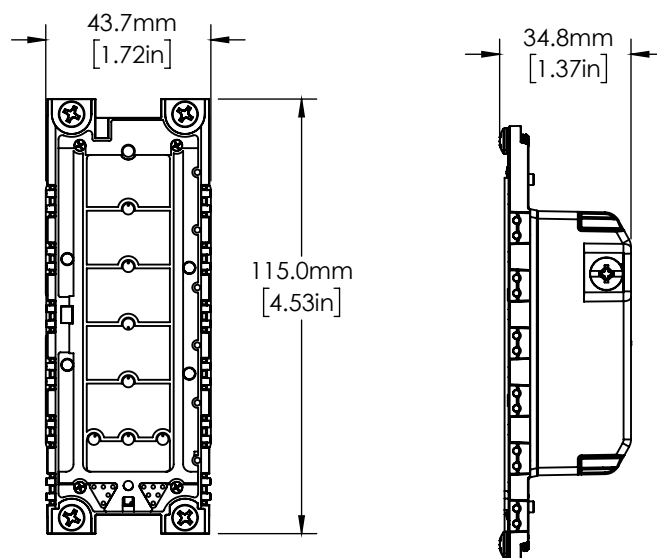

The Control4 Lux Configurable Keypad allows dealers to confidently plan the keypad layout and engraving up front, while also providing exceptional flexibility in button configuration. With a single SKU to manage, ordering and inventory become seamless, simplifying the entire process. Dealers can easily adjust the button layout during the design and installation process without needing to order a different SKU. Additionally, if customers decide to change their setup later, adapting to new needs is both straightforward and hassle-free.

Features

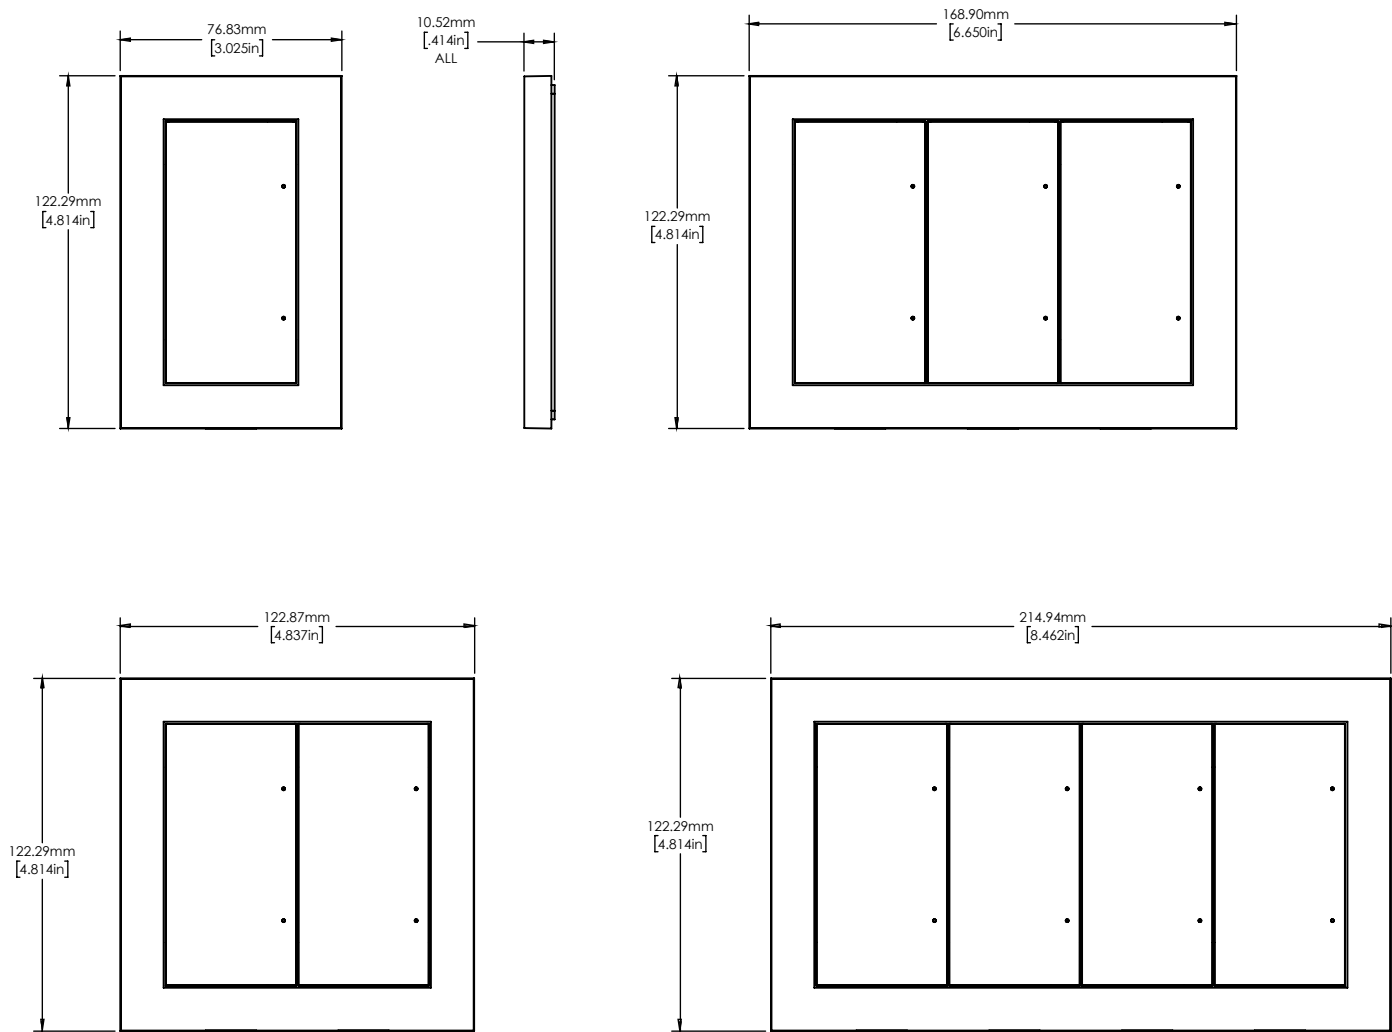

- Lux Configurable Keypad provides flexible button configuration, 120-240VAC or 36-48VDC.
- Can be powered by Control4 Centralized Lighting Bus Power Supply for use in Control4 Centralized Lighting systems.
- Backlit, engravable buttons
- Requires neutral wire
- Available with premium metal faceplates and a variety of stylish colors and finishes
- Combines beautiful aesthetics and flexible button configuration
- Zigbee 3.0

CONTROL4 LUX CONFIGURABLE KEYPAD

Model number	C4-L-KC-xx
Power requirements	120-240V AC +/- 10% 50/60 Hz Neutral connection is required. See the Sample Wiring Configurations later in the installation guide.
	36-48V DC (low voltage bus) For details, see: https://tech.control4.com/s/article/581
Power consumption (At 120V AC)	All LEDs off: 293mW, All LEDs on: 766mW
Power consumption (At 230V AC)	All LEDs off: 830mW, All LEDs on: 1.32W
Power consumption (At 48V DC)	All LEDs off: 144mW, All LEDs on: 864mW
<u>Environmental</u>	
Operational temperature	0 to 40°C (32 to 104°F)
Humidity	5% to 95% non-condensing
Storage	-20 to 70°C (-4 to 158°F)
<u>Miscellaneous</u>	
Control communications	Zigbee 3.0, IEEE 802.15.4, 2.4 GHz, 15-channel spread spectrum radio
Wallbox volume	5.73in ³ (94cc)
Weight	0.05kg (0.12lb.)
Shipping Weight	0.08kg (0.18lb.)
Compatible color kits	C4-L-CKKC-XX or C4-L-CKUDIMSWITCH-XX

CONTROL4 LUX CONFIGURABLE KEYPAD

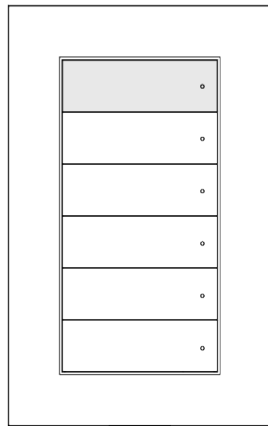

Note: Face Plates Sold Separately

CONTROL4 LUX CONFIGURABLE KEYPAD

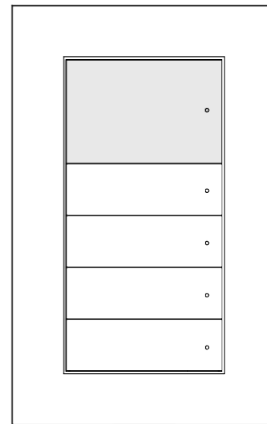

AVAILABLE BUTTON SIZES

All keypads include 6 button “slots” to accommodate different button types and sizes. This setup allows for a flexible and customizable approach to your keypad design, making it easy to tailor the configuration to your specific needs.

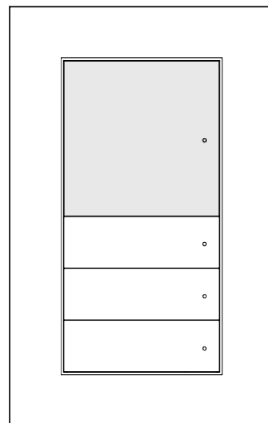

1 high

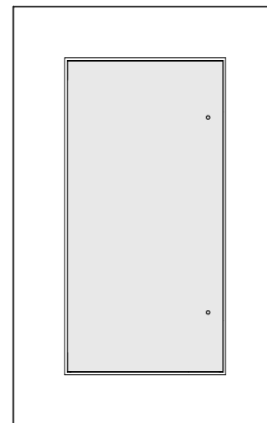

standard and up/down options

2 high

3 high

Rocker

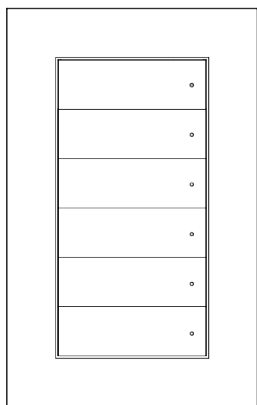

6 high, takes up entire keypad

Special Features

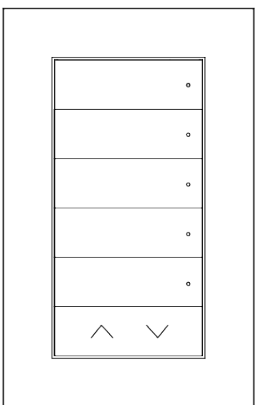

- Rocker buttons can be utilized in any keypad configuration and will occupy all 6 slots.
- The motion dimmer feature requires a unique configuration: it includes a 5 high button and a single high motion lens occupying the last slot.

CONTROL4 LUX CONFIGURABLE KEYPAD
